MENU

YOUR JOURNEY BEGINS

## LONG TIME AGO

In ancient Greece, there was a myth about Artemis, the goddess of hunting and the wild. During the full Moon, she sought solace and consolation in a secluded grove.

The Moon listened to her whispers and offered healing energy. As the Moon waned, Artemis found strength and renewal, symbolizing the power of finding consolation in nature and the interconnectedness between celestial bodies and human emotions.

## THE STAR

Golden sun, celestial cocktail in fusion,  
An homage to Helios, god of passion's infusion.  
Divine aromas, a symphony ablaze,  
Dionysus and Apollo, intoxicated with praise.  
Solar elixir, a feast for awakened senses' gaze.

# THE SUN

## Composition

Citadelle Gin, St Germain liqueur ,Peach,  
Lemon and Mint

14€

## CONSTELLATION

Prometheus stole fire from the gods to give to humans. Zeus punished him by chaining him to a mountain and sending an eagle to eat his liver every day.

# AQUILA

## Composition

Tequila Corralejo Blanco, Italicus Liqueur,  
Coriander Cordial, Watermelon

16€

3

## CONSTELLATION

According to the legend, Zeus fell in love with the beautiful mortal Leda, the wife of King Tyndareus of Sparta.

In order to get closer to her, Zeus transformed himself into a swan. The swan flew near Leda while she was by the shores of a lake or river, and she welcomed him into her arms. Zeus and Leda had two children.

# CYGNUS

## MOON PHASE

In the celestial darkness, the new moon appears. The mystical and sweet embrace of the night appears under the watchful eye of Cronus, the titan of eternal time. A new cycle begins, revealing hidden desires.

# NEW MOON

## Composition

Plantation 3 Star Rum, Coconut, Pineapple,  
Lime and Coconut Soda Water

14€

## MOON PHASE

The light diminishes, a faint smile in the sky,  
Like a tribute to Selene, goddess of the night,  
veiled high. Energies withdraw, an invitation  
to introspection's grace, Emulating the myste-  
ries of Hecate, guardian of transformation's  
embrace.

# WAXING CRESCENT
